### ADDITIONAL LOCAL

Max Benton is doing a job of plumbing in the village of Lawrence.

The Friday club will meet this afternoon at the home of Mrs. Byron Soule.

Lewis Labadie is taking treatment at the hospital in Grand Rapids for a few days.

Mr. and Mrs. H. A. Cross and daughter Audrey are the guests of Lawrence relatives this week.

Attorney Glenn Warner and County clerk Royal Decker spent several days in Chicago the latter part of last week.

Mrs. A. O. Duncombe went to Benton Harbor on Wednesday where she will be the guest of her daughter Mrs. Dan Riley for several days.

The regular meeting of the W. R. C. will be held at the home of Mrs. Freda Grashorn at 423 Oak street on Saturday afternoon, February 23rd.

Benton Harbor suffered a disastrous fire last Monday afternoon. An entire block on Pipestone street burned to the ground, and the loss will total over a half million dollars. The city fire department was unable to cope with the situation and aid was rushed to the city from St. Joseph and Dowagiac.

The next meeting of Paw Paw Encampment No. 30 I. O. O. F. will be next Wednesday evening, February 27th. There will be a class of candidates to vote on and other matters of importance that needs attention, and there should be a good attendance.

Hiram Corwin of Keeler township has passed away. His home was just east of the village of Keeler, where he had resided for the past twelve years. He was seventy-one years of age and well known throughout Van Buren county. His wife died just one year prior to his passing.

Mrs. Ned Cook of Hartford, Michigan announces the marriage of her aunt, Mrs. Nellie Raleigh of Paw Paw to Luther V. Moulton of Grand Rapids. The ceremony was performed at 8:30 P. M. on February 16th, at the home of the groom in Grand Rapids. The announcement will come as a complete surprise to Mrs. Raleigh's host of Paw Paw friends, who will unite in best wishes and congratulations for the happy couple. The True Northerner joins in felicitations.

A. M. DeVall suffered a slight stroke of paralysis in his right arm some time ago, which has incapacitated him for further work at his trade as blacksmith. He will dispose of his shop and tools and move to Kalamazoo where he has secured a position as watchman in one of the big paper mills. He has two sons employed in the mill where he will work.

Mr. and Mrs. DeVall have hosts of friends in Paw Paw who will miss them, but will wish them well in the new home.

Mr. and Mrs. Gladstone Beattie and Mr. and Mrs. Horace Adams returned from Chicago the first of the week. While there the sheriff and Prosecutor accepted an invitation to be present and witness the hanging of two men who had been convicted of murder. It was rather a gruesome experience for those who have always resided in a state where capital punishment is not permitted, and one which the boys probably would not care to repeat. They were given front seats close to the trap, and witnessed every detail of the hanging.

About twelve weeks ago, Division No. 2 of the Waverly Unit of the Red Cross in the east part of the township of Waverly was organized. It is a small unit, but the ladies are enthusiastic and have manifested an increasing interest in the work. Up to last Saturday, the chairman of this unit, Mrs. Austin, has sent in to headquarters at Paw Paw the following finished articles:—One muffler, ten sweaters, ten pairs of socks, eleven pair of wristlets, one helmet, and twenty-four hospital shirts. The members meet at the homes of the ladies every Thursday. They enjoy pleasant social intercourse, and do their "bit" for the boys at the front.

Bruce Cummings is on the sick list.

Mrs. Merritt departed Saturday for a visit with her daughter in Jackson. She was accompanied as far as Kalamazoo by her daughter Mrs. Frank Miller.

Mr. and Mrs. John Mutchler returned home from Chicago last Friday where Mr. Mutchler spent a couple of days in search of coal. He succeeded in getting two cars loads which will help Paw Pawites out considerably.

This issue of The True Northerner contains a Notice of Election for a public library in the village of Paw Paw. Readers of The True Northerner are already advised on the Library question. It will be remembered that Mrs. E. H. Harvey will donate the magnificent library of the late Mr. Harvey and also her services as librarian. Through the efforts of some of the enterprising citizens of the village, Andrew Carnegie will furnish money to erect the building. One of our big hearted philanthropic Paw Paw ladies will buy the site. So there remains very little for Paw Paw to do to secure a fine public library, except to proceed according to law and get started. Such an institution will be an ornament to the village and of inestimable value from a literary and intellectual standpoint for generations to come. There can be no argument against the proposition, which should and undoubtedly will receive the unanimous support of the citizens of this village at the election on Monday, March 11th. The True Northerner will have more to say about the plans for this public benefit, and the generosity of its promoters next week.

"Grandma Gibbs of the Red Cross" will soon be staged by some of our best home talent artists, under the management and direction of Rev. C. H. Heaton. The play is one of the newest patriotic productions and deals with the present times. The first scene opens at the country home of Grandma Gibbs with "Off to War". The second scene takes place some three months later at the city home of the Wellingtons, and a year from that time a hospital scene on the new England Coast and Grandma in search of her sick soldier boy. The last scene takes place two months later when all are gathered to spend a Merry Christmas with Grandma. The cast takes twenty characters, besides country folks, city folks and soldiers. There is a vein of humor and pathos running throughout the play that makes it one of the strongest ones, now being played by both professional and amateur actors. Of course Kattie, Loretta and Jennie the little French maids, all have their soldier lovers. Rev. Heaton understands the art of reading and play acting to the fullest extent, having made a study of the same before entering the ministry. Under the management combined with the strong taste of characters taking part, Paw Paw will be sure to see one of the best amateur plays ever given in Paw Paw. Watch for date and get your tickets early.

### CARD OF THANKS

We would express through the columns of The True Northerner our sincere and heartfelt thanks to all the neighbors and friends for their kindness and sympathy during the illness of our beloved mother and at the time of her death. We appreciate it all.

Mrs. C. H. Prior  
C. E. Allen.

### NOT AN ISOLATED CASE.

Many similar cases in Paw Paw and vicinity. This Paw Paw woman's story given here is not an isolated case by any means; week after week, year after year, our neighbors are telling similar good news.

Mrs. C. J. Libbe, N. Gremps St., Paw Paw, says: Doan's Kidney Pills have helped me and I gladly recommend them. My kidneys were out of order and I had soreness and dull aching across my back. I felt dull and languid. My kidneys acted irregularly. Doan's Kidney Pills procured from Longwell Bros. Drug store, relieved me of the trouble and helped me in every way.

Price 60 cents at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Libby had. Foster-Milburn Co. Props. Buffalo, N. Y.

Bigger crops will help win the war. With food we can win the war, without food we will lose the war.

This is the meat of the message the government is sending out to you for your consideration.

Do you catch the inspiration and feel the responsibility of the message?

Isn't there a world of inspiration in that? Doesn't it make the time of planning far different from similar times in past years?

Your planning time this year is far more important than ever before. Plan to make every move count. Plan to use every foot of ground to good advantage. Help will come some way. Put your trust in the Government. They realize the great importance of the crops.

If it becomes necessary the Government will no doubt draft men to assist the farmers. Town men and women are going to help, school boys and young men from the city will all lend a hand.

All prices will be high. You will have to pay more for farming tools, but what matters that if you get so much more for the produce that you sell.

You should not let your stock of tools run down just because they cost more this year.

It takes less bushels of corn, wheat, potatoes and rye to buy any tools now than it required before the war.

Count your produce your standard of value instead of the silver dollar, and you will see things different.

This is the year for farmers to help win the war, as well as make some money for themselves.

Will you work with the Government or be an obstructionist?
